Don't forget your
instruments!

Friday

All – PE with Mr Friel
Squirrels/Badgers
Multi Sports After
school club until 4pm

Happy Birthday
Lucas W, Frankie,
Alice, Eva, Tyler

'Learn to do right. Seek Justice.'

Isaiah 1.17

Dear Parents,

It's been another busy week in school – making Easter cards, Y6 delivering Easter Eggs and cards to the local community, finishing off our Easter Artwork for the Easter Service on Sunday at St Leonards, practising for today's Easter Service and then going on an Easter Egg Hunt.

Easter time is such a wonderful time of year. It's one full of reflection and hope when the birds start singing again, trees blossom and flowers start to open. It's been a challenging term – but we've come through it smiling. The next few months will no doubt be equally challenging and rewarding as we strive to fill gaps, whether that be learning gaps or gaps in social and emotional development. Rest assured we will keep working hard to make sure our children succeed. We have so much to look forward to.

I would like to take the opportunity to thank my team, whose care, dedication, hard work, resilience and willingness to adapt has ensured that we have been able to provide the best possible education and care for the children at Warmingham.

As you know, Mrs Gregory and Mrs Dowman will be leaving us today for pastures new. We wish them every success in their new adventures.

Have a wonderful Easter. Stay safe.

Kind Regards,

Kate Appleby

Principal of Warmingham CE Primary

Proud member of the Rural Church Schools Academy Trust

COVID 19 Reminders

What happens if my child develops symptoms in the final week of term?

Please notify the school as normal using the principalwarmingham@rcsat.cheshire.sch.uk email address. You should then take your child for a test and notify the school of the result. If the result is positive, as with all cases, we will conduct our test and trace process. Close contacts will be informed and be asked to isolate at home for the 14-day period. A reminder that close contacts are defined as:

- Face-to-face contact for any length of time
- Within 1 metre for 1 minute or more
- Unprotected physical contact (skin-to-skin)
- Within 2 metres for 15 minutes or longer

As has been the case throughout this term, if another member of your household has developed symptoms of COVID-19, the whole household should isolate until the result of their test is known. If negative, your child can return to school; if positive they must isolate for the 14 day period from the date that the first symptoms started.

What should I do if my child develops symptoms during the Easter holidays?

If your child develops symptoms after school breaks up on **Thursday 1st April to 3.30pm on Friday 7th April** – notify the school of this using the above email address. You should then take your child for a test and notify the school of the result. We will conduct our track and trace process as above.

If your child develops symptoms after 3.30pm on Friday 7th April, you should take your child for a test and notify the school of the result. However, the school will not need to conduct track and trace in this instance as the symptoms started 48 hours or more after last contact in school. Therefore, no other pupils would be asked to isolate in this instance.

What happens if the test result comes back positive in the Easter holidays?

It may be that a student attends school next week, begins to show symptoms, subsequently isolates and has a COVID-19 test which turns out positive. The test result could come during the Easter break. If this is the case, please inform the school using the above email address.

The above email addresses will be monitored between 7am and 10am each day until 3:30pm on Friday 7th April. Please only use this email address for COVID notifications. The school will then conduct its usual track and trace process and notify close contacts to self-isolate for the required length of time. **Parents will be notified by email.**

PARENTS EVENING

Tuesday 20th and Wednesday 21st April

You will receive your TEAMS invitation on Monday 19th April.
Please remember to log on a couple of minutes before your allocated time.

Fill that Jar Competition!

Each class will be collecting bronze and silver coins. As each class reaches a certain level they will receive a reward. I wonder which class will fill their jars first? All money raised will be going towards the cost of the trim trail and other exciting play equipment for the children.

Virtual Easter Holiday Club

7th to 9th April
You Tube @ 10am
Zoom @ 11:30am
See Flyer

Cake Sale

We raised an incredible £255! After Easter the children will be choosing some new play equipment for the playground. Thank you to everyone who donated, purchased and helped out on the day.

After School Clubs

Mondays – Hedgehogs until 4pm
Fridays – Squirrels and Badgers until 4pm

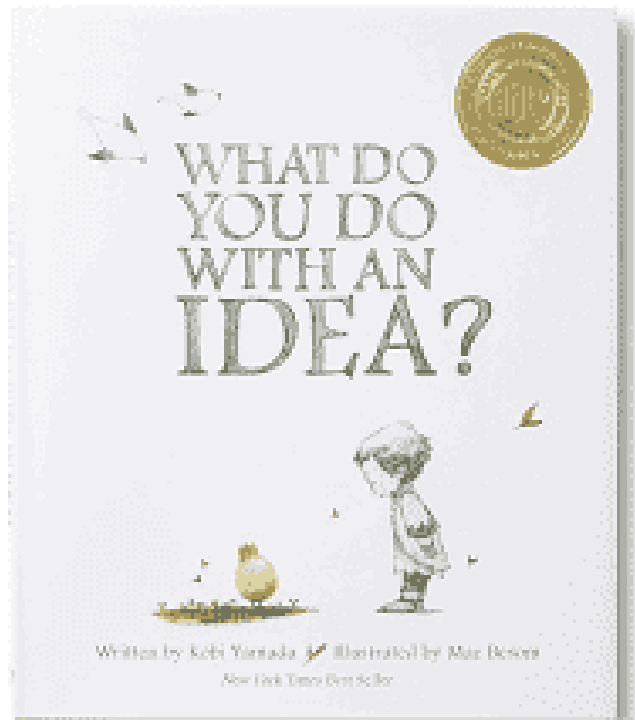

Squirrels/Badgers please book using School Spider
Hedgehogs please contact school office by email if you wish to book

Playtime Snacks

After Easter, we will be selling playtime snacks again. We are initially going to start off with toast and juice or milk before offering the full menu after half term. See the school's website for prices and items available.

**What Do You Do With An Idea?
Written by Kobi Yamada**

What do ideas become? Big things, brave things, smart things, good things. Things like stories, artwork. Journeys, inventions, communities, products, and cures. Everything you see around you was once an idea. So what will become of your idea? Now that's up to you!

Next term our study themes all stem from the book 'What Do You Do with an Idea?' It is a story about one brilliant idea and the child who helps to bring it into the world. As the child's confidence grows, so does the idea itself. And then, one day, something amazing happens.

Otters

This half term Otters have had a terrific time exploring and discovering everything dinosaur. They have learnt the names of some very unusual dinosaurs that even Mrs Allen had trouble pronouncing. They discovered that although the dinosaurs lived many, many years ago and that no humans have ever seen a real life one, there is a lot we do know about them. They explored what a skeleton is and what a fossil is and how the fossils are formed. They have also learnt about herbivores and carnivores and we classified some of our favourite dinosaurs. Next term we will begin our new topic 'What Do You Do with an Idea?' Otters will initially start with the key text 'Not a box' by Antoinette Portis. They will get our designing heads on as we explore what we can do with a cardboard box! Mrs Allen is looking forward to seeing everyone's creativity flow as we transform a simple box into something wonderful.

Hedgehogs

Although it's been a short one in school, Hedgehogs have really let their lights shine brightly. They have loved our topic 'We are all superheroes' and they have learnt about how to keep healthy. They've enjoyed sharing lots of superhero stories and learnt about real life superheroes such as Rosa Parks and Malala Yousafzai. Hedgehogs gave such thoughtful and compassionate responses to their stories, showing great empathy and understanding of our justice value.

Hedgehogs enjoyed using the story 'The Day the Crayons Quit' as their English text. They loved writing colour poems and explanation texts about how rainbows and colours are made. Their favourite lessons of all this term have been art where they learnt to mix and create different colours and we've produced so much amazing art work. Their classroom is now such a bright, colourful place to learn in.

Next term their new focus texts will be 'What Do You Do with an Idea?' and 'Jack and the Beanstalk'. Their study theme will be based around designing and creating a way for Jack to safely carry his golden egg around and designing a better way to climb up to the giant's castle. Alongside this we will be growing our own beans and other plants or vegetables. It promises to be a really exciting summer term for them.

Squirrels

Squirrels have loved learning about Amelia Earhart and her sole flight across the Atlantic Ocean. They looked at the countries Amelia Earhart could see on her journey across the Atlantic Ocean. Using maps, globes and digital mapping they located countries and identify their geographical features. They also looked at the similarities and differences between some of the countries and the United Kingdom.

Next term's study theme will take Squirrels into a world of imagination where we will be exploring ways to build and design concepts using different techniques and materials. They will be using supporting texts to allow children to thrive in all areas of the curriculum and we will be making the most of the summer weather and take our learning outside to help us where we can. Mrs Craven and Miss Turrell are looking forward to seeing the children be creative, imaginative, and innovative.

Badgers

Badgers enjoyed learning about Rosa Park, and answering the question "When is it okay to break the rules?" They have been learning about the Victorians and Badgers have loved learning about life as a schoolchild. We have laughed at some strange Victorian customs and recipes, and our final project is a Victorian Survival Kit.

Next half term, we will be looking at life changing inventions and the process of making our ideas into things that improve the world.

Saturday Church

Saturday Church is held in Warmingham Village Hall from 9.45am with craft, stories, songs and worship for families of all ages.

Unfortunately we are still unable to meet in the Village Hall but please come along to

**St. Leonard's Family Service
on Sunday 11th April at 11.30am**

Theme: Easter – not the end

We will continue looking at the Bible in Eleven Objects

Object Number 8: Cross of Nails

This will be a service on the lines of Saturday Church as we did for Mothering Sunday. It was lovely to see so many of you there.

In order to follow coronavirus regulations, masks need to be worn in church by adults and young people over eleven years of age. Social distancing must be observed. Families may sit in family bubbles.

Please let us know if you are coming along by emailing helan.isherwood@sky.com or ring Helan on 01606 841711.

Future Saturday Church dates

In Warmingham Village Hall (we hope):
8th May, 12th June, 10th July
