'A Caring Christian Family Where We Grow Together'

7th November 2019

Dear Parents and Carers,

Online Permission for Sports Competitions and Events

Previously we have used a paper system to inform you if your child has been invited to an event held at another school (such as a sporting event or event held during school hours at another school). This involved letters going home for parental consent and reply forms coming back to school.

We have decided to trial a new system online and if it proves successful, one that we will continue to use going forward. This should hopefully make things easier for you the parents whilst supporting the environment with our efforts to go paperless. Below is how the new system will work:

- You will receive a text from school informing you that an event is running and inviting your child to attend. The text will ask you to log on to School Spider app or School website and complete a permission form.
- Please log on to School Spider or the school website and complete the relevant form for the event under the 'survey & forms' tab and submit.
- **Please always complete the form online when invited to even if your child cannot attend the event.**

Hopefully this new system will make it easier for you to know when an event is running and make it clear to school of your child's availability and transportation arrangements.

Yours sincerely

Mrs C Marsden
Admin Assistant
